TOTAL TRANSFORMATION – Part I:

***The True “Extreme Makeover” for Your Health, Your Looks, and Your Life
with Kat James***

Twenty-five years ago, award-winning author Kat James saved herself—and has since helped free countless others—from multiple digestive, autoimmune, metabolic, emotional, addictive, skin, and weight disorders after doctors gave up. Today, we see a tidal wave of scientific research in support of her once-controversial methods, bringing with it a wave of new myths regarding the translation of this new science into dietary practice that can only be cleared up by James’ decades of pioneering hands-on observation, individual calibration, and doctor-verified outcomes in successfully harnessing the incredible power of the master hormone, leptin. Unlock the key to your own extreme natural makeover—without surgery or suffering.

“I chose to attend Kat James’ lecture at New Life last year and was truly impressed with her theories and track record (especially with herself). But even I would not have guessed that literally days after starting her Program on January 8th that I began seeing unprecedented resolution of my Candida, sinus, weight, energy, skin, and hair loss issues.

I am now two months in, physically transformed and no longer struggling with cravings. I’ve resumed goals I’d put on hold for years.

Don’t miss Kat James!”

JUDY SATORI
Beyond Healing: Physical Rejuvenation!

Information and Energy Transmissions for Vitality and Regeneration Do you wish that you had more energy, to do everything you want to do in your life? It seems a paradox that as our wisdom and ability to get things done often increases with age, the body on the other hand appears to slow down! The word from Spirit is that lowered vitality and energy depletion is not just a matter of aging, or what we eat. It's a matter of energy flow through the body and of how well our cells function and replicate. Partly it's about telomeres and DNA expression. But it's so much more than this. Judy Satori is works with Star Beings, here with us to advance humanity's expression of self. The changes we are experiencing are part of a divinely orchestrated plan to upgrade all life within this galaxy, which includes other galaxies that co-exist as a diamond shaped cluster of interconnected star systems. You won't read this information in any book. It comes directly from Spirit, through Judy as the Earthly conduit. It is information and energy that will be transmitted through Judy for the first time, live, at this event. You will be given key information and exercises to continue this process at home. We've all got a lot of living left to do. Let's do it feeling happy, healthy and full of energy. Judy Satori is a catalyst, activator and way shower. Her role is to help usher in a new beginning and a new way for life for us on Earth. She is an energy conduit for Spirit, a step down transformer between Heaven and Earth, Source and Soul. Her mission is to activate human potential in a way that has previously been impossible. Now that the Earth has shifted to the faster pulsating energy of the fifth dimension, human beings can begin to be energetically recreated to return to the 'perfected pattern' that is our birthright. Streams of light, energy and most importantly sound flow through Judy that generate peace and love in those exposed to her work. These transmissions also activate specific changes to the human genome – the DNA instructions for human life creation, activate previously dormant soul and human mind power potential and enhance physical vitality. Judy transmits through her voice, hands and eyes energy words of new creation in the form of very rapid "Languages of New Creation". These languages are from God and are of love. For more info Visit www.judysatori.com for Judy's ascension library of free life enhancing transmissions and online programs.

GAIL THACKRAY
Distance Healing

Learn to give powerful distance healing to your clients and your loved ones. This is for people practicing Reiki and energy healing who wish to increase their abilities as well as those who are beginners. Distance healing can be even more powerful than a regular healing session. I will be showing you how to connect with healing guides and pass energy through all time and space. I will be including new frequencies from Bali and the Philippines that I have been blessed with as well as some from the UK crop circles. This will include healing at a physical distance to those who are not present but also this is great to heal past lives. It also works wonderful on animals. This will give you the skills to start working as a distance healer. It can also be used during a session with a client present to release early childhood trauma and past life issues. I will be showing you how to detect past traumas in a client who needs distance healing, and even how to pin point a date when this occurred. We will be working with crystals and building a distance healing grid that you will get to take home. We will also learn how to manifest money and good luck for future events for yourself and your clients by sending healing to the future. Includes an individual attunement to pass distance healing energies Gail an exceptional spiritual healer herself was recently passed the "gift" from the Psychic Surgeon Ambrosio in the Philippines. Gail is a medical intuitive and also an incredible psychic medium able to pass messages from loved ones on the other-side. Gail teaches Reiki with a much more in depth connection to spirit than most coaches.

Special Event Saturday 4pm room 2A

GAIL THACKRAY
Cutting Negative Psychic Cords

We create cords with anyone significant in our life. These can be good cords but they can also be negative. A difficult relationship of any nature is a sign of negative cords that have anchored and attached and can make you quite sick. Sometimes good cords can get strangled by negative black cords which cause distrust, jealousy, fear and anger in our relationships. Sometimes cords are attached to old negative patterns which cause career problems and financial issues. Cords can hold us to our past and can even be rooted in past lives.
