Special Event : Sunday 2:00pm Rm #3

Hello NewLifers,

Thank you for joining us again at the New **NEWLIFE Expo**.

This year's innovative edition marks a new era for us. I have revamped the expo to give you a more interactive, more connected and more self-sufficient space, so you can stay all weekend, forget the outside world and meet the people and ideas that will change your life forever. To hold space for greater interaction I included a 'conscious food' area, a powerful cacao ceremony, a sound bath healing & memorable music concerts. I also curated new game-changing lectures, entertaining special events, provocative panels and surprising exhibit booths—so you can marvel, eat, connect, talk & dance with each other—as our elevated, conscious family grows. People asked me why I moved the expo to Brooklyn. Actually, it was a no-brainer. It's time for reinvention.

Since I started **NEWLIFE** my vision has been to impact as many lives as possible. Brooklyn has one million more people than Manhattan, and many of them are consciously inclined and aligned with the Expo's values and beliefs. Also, for the past several years many businesses, particularly leading edge tech startups and creative companies, have been moving to Brooklyn for more creative and collaborative office spaces. There's even a complex being built in Brooklyn right now based on the 5 "Blue Zones" of the world. For those who aren't familiar with the term, "Blue Zones" are places where people live to be 100+ because of their healthy habits, diet, environment—and specially the deep connection with their community. (Catch the Netflix documentary-series launched 2 weeks ago called "Live Till 100"). Suddenly it dawned on me that for 34 years our Expo has provided all of those same characteristics. The **NEWLIFE Expo** is your closest "Blue Zone". We know there are people who just follow the crowd. We, NEWLIFERS, choose to constantly embark on our journeys of self-discovery and embrace the path of exploration. "**NEWLIFE consciousness**" is for those who embody the spirit of trendsetters, thought leaders and paradigm shifters—always open to diverse possibilities and eager to unlock their maximum potential.

The **NEWLIFE Expo** has been a staple. Not only as the largest running Expo in America (35 years) and the largest in New York—but as a conscious community where thousands of people who are looking for the same things can meet each other. This annual event is renowned for fostering great mind expansion, deep healing & life-long connections.

It will take place in Brooklyn at the BK Loft 26, 153 26th St (off of 4th Ave) in Park Slope/Sunset Park—and is conveniently located around the corner from the "R" subway and nine blocks away from the "D" train. It's close to the Brooklyn/Queens expressway and the Verrazano Bridge for the out of towners.

**Friday, 4-10pm, Sat: 10am-9pm, Sun 10:30am -7:30pm**

Join us for an enriching weekend that celebrates mind, body and spirit—with 100 exhibitors, musicians & lectures—and the actual potential to completely change your life. Dare to "Reinvent Your Destiny."

## JASON SHURKA

### *Tapping into Your Inner Healer*

In modern times, we are constantly on the go and more often than not, forgetting to take care of ourselves which results in a struggle to remain healthy and balanced. We have forgotten and inadvertently disconnected from the profound healing potential that lies within us. However, we are living in a time where there is a mass shift in consciousness and we are now awakening and seeking more holistic health alternatives, along with remarkable break through technologies that can help us return back to our true selves.

Our bodies are designed to come back into coherence and complete health when given the proper resources and environment. It's time to remember the power we have and learn how to tap into this power in order to help catalyze the process of the body healing itself. On top of the "Disclosure" series, Jason has written three books, recorded media interviews with Coast to Coast AM, appeared in two episodes on GAIA, and started his own censorship-free social media and video-streaming company called UNIFYD.

## WHAT WILL THE FUTURE LOOK LIKE

**ALAN STEINFELD, DANNION BRINKLEY, JILL DAHNE, GAIL THACKRAY, LAURA EISENHOWER, STEPHEN POPIOTEK**

From where we sit right now with the triple whammy of war in Ukraine, an ongoing global pandemic and very obvious climate change, it might seem that humanity is staring down the barrel of a smoking gun! What is happening to us and why? Are the forces of domination, greed and control on this planet getting stronger, or is God/Spirit with us? Are we alone fighting it out together, or are we being supported through a divinely designed process of inner and outer transformation? What can we do to help ourselves and our global human family? Will humanity create a world of peace, long life, harmony, beneficial science and spiritual growth or will we wreck the planet and doom ourselves.

### WHAT WILL THE FUTURE LOOK LIKE

### ALAN STEINFELD, DONNA BRINKLEY, JILL DAHNE, GAIL THACKRAY, LAURA EISENHOWER, STEPHEN POPIOTEK

From where we sit right now with the triple whammy of war in Ukraine, an ongoing global pandemic and very obvious climate change, it might seem that humanity is staring down the barrel of a smoking gun! What is happening to us and why? Are the forces of domination, greed and control on this planet getting stronger, or is God/Spirit with us? Are we alone fighting it out together, or are we being supported through a divinely designed process of inner and outer transformation? What can we do to help ourselves and our global human family? Will humanity create a world of peace, long life, harmony, beneficial science and spiritual growth or will we wreck the planet and doom ourselves.
