Laser-Me!

Put Healing Energy Frequencies In The Palm Of Your Hand

The energy frequencies (both positive and negative) which your body is exposed to on a daily basis have a major effect on your health and well-being.

Scientifically: On a subatomic level matter is made of energy, which resonates at specific frequencies. As scientific research has proven, positive frequency patterns stimulate cells and enhance their innate capabilities. Negative frequency patterns do the opposite, i.e. just as negative frequencies - like those in cell phones, EMF's, microwaves, etc. can harm living things. Positive frequencies - like those directed by the Laser-Me laser - can be extremely beneficial.

Laser-Me delivers a proprietary combination of over 2,200 positive, cell-optimizing frequencies. Each frequency is derived from natural, organic, or herbal sources. Laser-Me frequency combinations are designed to provide multiple health-promoting, pain-relieving benefits for all living things, both plants and animals.

LECTURE SATURDAY 2pm EVERGLADES
LECTURE SUNDAY 2pm KEY LARGO

Testimonials:

"My feet were mostly red all the time. I experienced pain, burning, uncomfortable prickliness, swelling and numbness. It was hard for me to walk very far and sleep. After treating my feet with the laser once to twice a day, the redness is gone. I'm walking without as much pain and the other symptoms are appreciably better. This is a quite amazing turnaround and the laser is very easy to use."

- Jim P., Arvada CO

"The laser has worked well on me in many ways: Major detoxing i.e., sweating profusely, just by drinking lasered water; more energized when

I wake up; plus really quick wound-healing on a cut. Even gave my 15 year old plant - which was on its last legs - lasered water and it sprang back to life."

- Ken L., Hollywood, FL

There is an electro-magnetic field that extends 5 feet around the body. Anything that is placed within that 5-foot area produces a positive or negative charge on the patient. There is NO neutral!

A piece of cake was placed within the energy field of the patient and the energy flow to the particular organs was recorded.

Then that same cake - which had been lasered with the Laser Me device - was placed within the energy field of the patient and dramatic positive influences to these same organs were recorded.

"The laser really helped. After I rode my bike yesterday, my knee hurt, per usual. But this time I lasered my knee and it felt much better almost right away. I am happy with the relief."

- Ana J., Key Largo, FL

People, Pets, And Plants Feel The Difference

PEOPLE: Laser-Me energizes water and boosts energy of food and beverages. It boosts the body's own self healing mechanism. Marked acceleration of wound-healing has been reported. It reduces stress on all levels (physical, etheric and emotional).

Dramatic increases have been reported in strength and flexibility.

PETS: When painful arthritic areas in dogs and cats are lasered, their owners report relief. Just as in humans, wound-healing has been observed to be markedly accelerated in dogs and cats. When pets are given food, water, and treats that have been lasered with Laser-Me, they are healthier and have increased energy. Owners of elderly pets comment: "My pet has more energy and is acting like a puppy/kitten again!"

PLANTS: Cut flowers that have been lasered have been observed to last three to four times longer than usual. Living plants grow faster and look healthier when treated with water that has been lasered with Laser-Me.

Laser-Me!... The Truly Amazing Pocket Laser!!

"I have a sloping hearing loss in both my ears, which has forced me to wear hearing aids for the past five years. Yesterday, under the guidance of a professional, I lasered the inside of each ear with Laser-Me!, pointing the laser at each of my eardrums for 10 seconds. After reinserting my hearing aids, I was remarkably surprised to find that my ability to hear high frequencies had increased by at least 10 percent."

- Bob L., Miami, FL

Laser-Me Benefits:

Restructures and energizes drinking water

Erases vibrational memory of Geopathic Stress and EMFs in water

Neutralizes electro-magnetic charges in food, including those that are embedded by blenders, juicers and water ionizers

Counteracts the destructive effects of microwave ovens

Boosts inherent positive nutritional frequencies in food

Maximizes the benefits of supplements

Helps counteract toxic side effects of food additives and artificial sweeteners

Helps neutralize the energetic damage of sodas, coffee and energy drinks, cigarettes, and the inherent dangers of the possibility of covid toxicity in our water supply

Laser-Me! Instructions:

Three rotations to the right (clockwise) is all that is needed to laser food and beverages.

You can also laser any part of the body (except the eyes) by directly shining the laser on the area for 3-5 seconds, which is all that is necessary.

Also great for acupuncture points and areas of pain!
