WHAT WILL THE FUTURE LOOK LIKE PANEL

with Alan Steinfeld, Dannon Brinkley, Laura Eisenhower, Jodi Serota, Dr. Sharnael Wolverton Sehon

From where we sit right now with the triple whammy of war in Ukraine, an ongoing global pandemic and very obvious climate change, it might seem that humanity is staring down the barrel of a smoking gun! What is happening to us and why? Are the forces of domination, greed and control on this planet getting stronger, or is God/Spirit with us? Are we alone fighting it out together, or are we being supported through a divinely designed process of inner and outer transformation? What can we do to help ourselves and our global human family? Will humanity create a world of peace, long life, harmony, beneficial science and spiritual growth or will we wreck the planet and doom ourselves

Panel Saturday 3:00 PM Grand Ballroom

BIOHACKING YOUR HEALTH

The National Cancer Institute has stated that over 30% of all cancers could be avoided through diet modification and as much as 90% could be prevented if environmental carcinogens are avoided." This is going to be a must see for the health conscious individual given by these leading nutritionists. Remember "You Are What You Eat." This is our most controversial panel.
